Background: On January 19, 2023, Jackson County received proposals from various companies to provide Strategic Planning Consultant services. Under the RFQ, respondents were asked to submit statements of their qualifications to develop and complete a countywide Strategic Plan that will establish a formal County mission and vision statement, as well as offer a County “road map” indicating where to best allocate resources within the next 5 years. The final Strategic Plan shall align with the mission of the County in terms of quality of life, public health and safety, organizational excellence, fiscal responsibility, innovative infrastructure, and economic vitality. The selected firm will work collaboratively with County personnel to identify priority areas and shall produce a completed Strategic Plan which contains overall countywide as well as department specific goals, objectives, and implementation measures pertaining to the established purpose. The following companies submitted their qualifications and will be making a brief presentation to give an overview of their company and the services they can provide:
